

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

This book consists of a transcript of the first six volumes of the Registers of Grinton in Swaledale, from the beginning in 1640. The baptisms and burials end in 1807, the marriages in 1802.

They are fairly perfect, but there are no entries between 1690 and 1692, or between 1693 and 1696. There are no entries of baptisms between the following dates:—April, 1676, and August, 1677; of marriages between September, 1653, and June, 1656; December, 1658, and October, 1660; April, 1676, and September, 1677; November, 1677, and June, 1679; February, 1753-4, and 1759 (the last gap appears to have been caused by the earlier pages of Book IV. A. having been torn out); of burials between June, 1675, and August, 1677; April, 1678, and May, 1679.

All the books are of parchment, except IV. A., which consists of marriages, set out in a book of the prescribed forms. They have been re-bound in recent years, and are in good condition.

The following is a list of the Vicars of Grinton during the period covered by these Registers:—

- 1637 Thomas Goad.
- 1673 Tobias West, A.M.
- 1717 Thomas Lightfoot, A.B.
- 1742 Timothy Dickonson, A.B.
- 1783 Thomas Joy, A.B.
- 1799 Thomas Edmondson.

The present Vicar, the Rev. J. J. Merry, kindly gave me every facility in copying the Registers on behalf of the Society, and I am greatly indebted to Dr. Collins for his advice and assistance.
